

## **COLPAI Project Bi-Weekly Update – Weeks Commencing Monday 15 April & Monday 22 April 2024**

Dear Neighbour,

Please note that approval allowing residents to move into the building is delayed because we need to fix an area of brickwork on the western side, located behind the balconies.

We are currently discussing when and how to resolve the issue, and whether new residents can move in before or during the planned work.

We will keep you updated every two weeks with the latest information and a schedule for the repairs once it has been confirmed.

### **Construction Activities**

On 16 and 18 April, our contractor will be in attendance to undertake snagging works.

Please be aware that ISG will not maintain a daily management presence on site, at least until repairs have been agreed upon.

Security will be present during normal working hours, Monday to Friday, from 8 am to 6 pm. Out-of-hours CCTV will remain active and monitored.

### **General Information**

#### **ISG On-Site Security**

- Security guard on-site full time 8am – 6pm
- CCTV security cameras are now monitoring the site 24 hours a day, 7 days a week.

The City of London Corporation also has CCTV monitoring of the site in place.

#### **General Working Hours**

Monday to Friday – 8am to 6pm

Saturday – 9am to 2pm

#### **Consented Reduced Impact Hours**

During reduced impact hours, works will still take place on-site. However, works will not involve percussive machinery or other similar construction involving heavy machinery. Noisy hours will be Monday to Friday, 8am to 10am and 12pm to 2pm and 4pm to 6pm. On Saturday, noisy works will occur between 9am and 2pm.
